

Permission Form for Walking Field Trips

Walks in the neighborhood are an important part of our regular curriculum. They give us the opportunity to explore the community outside the center, as well offering fresh air and exercise! Children are always well supervised on all excursions, and stay within a one mile radius of the center. If your child's teacher plans a field trip to a specific site in the community (the fire station, bowling alley, etc.), all parents will be notified ahead of time, and a separate permission form will be used. This permission form is for neighborhood walks only.

_____ has my permission to go on neighborhood walks while attending
(child's name)

Pathways to Play Early Learning Center.
